

Libertarians stand for something: Freedom.

We believe that the most peaceful, most prosperous, most socially fair and tolerant and progressive society is one that solves its problems without government force. We believe that social woes like inaccessible healthcare, inadequate social justice, economic instability, and racial disparity are caused and perpetuated by officials who would rather increase their power instead of truly solving any problems.

We believe in all freedoms. For over four decades, the Libertarian Party has been the feet on the ground advancing once radical issues like marijuana legalization, gay marriage, gun rights, closing the Federal Reserve, school choice, transportation competition, ending mandatory minimum sentences, and ending eminent domain. We oppose foreign wars and want to bring our troops home from overseas.

We want to end graft that robs the poor, destroys honest businesses and corrupts education, police, courts and elections. We believe that Americans are being taxed to death to support a failed system full of waste and corruption.

We must stop giving money and power to the same people who have caused the problems we face today.

It's time for a big change. If you are tired of throwing away your vote, send a message – Vote Libertarian.
